

Name: Dr. Rahul Chatterjee

Summary:

Dr. Rahul Chatterjee is an AI Researcher with 8+ years of academic and industrial experience in deep learning, generative models, and NLP. He has authored multiple papers on AI ethics, adversarial learning, and reinforcement learning.

Key Skills:

Deep Learning (TensorFlow, PyTorch)

NLP (Transformers, BERT, GPT)

Reinforcement Learning

Generative Models (GANs, VAEs)

Model Evaluation & Research Methodology

Data Annotation & Dataset Creation

Experiment Design

Scientific Writing & Publishing

Certifications:

Deep Learning Specialization – Coursera

Research AI Toolkit – NVIDIA

Academic Publishing in AI – IEEE Learn

Education:

PhD in Artificial Intelligence, AI Research Lab – Institute of Advanced Tech, 2012–2017
