

Name: Priya Das

Summary:

Priya Das is a Machine Learning Engineer with 5 years of hands-on experience building predictive models and deploying ML systems in production. She specializes in Python-based frameworks and has worked on real-time recommendation engines, NLP pipelines, and computer vision projects.

Key Skills:

Python, Scikit-learn, TensorFlow, PyTorch

Data Preprocessing & Feature Engineering

Model Deployment (Flask, FastAPI, Docker)

NLP (Spacy, NLTK)

Computer Vision (OpenCV)

Cloud ML Tools (AWS SageMaker, GCP AI Platform)

SQL, Pandas, NumPy

Experiment Tracking (MLflow)

Certifications:

TensorFlow Developer Certificate

Deep Learning Specialization – Coursera (Andrew Ng)

AWS Machine Learning – Specialty

Education:

BTech in Data Science, YZA University, 2014–2018
